

Brining a Turkey

You will need a container with lid big enough to hold the turkey and brining solution (try a 5-gallon bucket or a well washed out 35-40 pound cat litter pail).

Ingredients:

3 cups Kosher salt

1 teaspoon whole cloves

¾ cup dark brown sugar

3 onions (quartered)

1 tablespoon peppercorns

4 celery stalks (chopped)

6 bay leaves

Combine all ingredients with 8 quarts of water and immerse turkey into the mixture
